- Efor All Entrepreneurship Competition / Team Pole Star / 1.st

REFERENCE

Merve İşler - Developer Relations Coordinator
@Google

PERSONAL SKILLS

Leadership, Project manager, Organized, Programmer, Team player, Fast learner

ABOUT

I plan to make a career in these fields by developing myself in the field of web programming and artificial intelligence programming. I see deep learning and fronted-backend software as the most suitable areas for me. I led the Google Developer Student Clubs Düzce University (GDSC Düzce) for 1 year. I am currently mentoring Tensorflow and Cloud at GDSC Turkey. I have developed projects in many hackathons so far. I developed a project in the autonomous vehicle category at Teknofest. My goal is to move forward with a company that follows technology.

WORK EXPERIENCE

TensorFlow & Cloud Mentor	Google Developer Student Clubs Turkey
Sept 2021 - NOW	Istanbul, Turkey (Working remotely)
